Natural Gas Leak, Two Homes Evacuated

BOCA RATON, FLORIDA – At approximately 9:10pm Emergency Dispatchers received a 9-1-1 call of a possible natural gas leak at 828 NW 2nd Avenue in Boca Raton. Fire crews arrived and noticed the leak coming from a 2 inch gas line on that property. Fire crews took flammable gas readings and evacuated a total of eight family members in the homes just north and south of that address. Boca Raton Fire Rescue Services Hazardous Material Team Technicians, unable to stop the leak are keeping the area clear of traffic and waiting for Florida Public Utilities to arrive to secure the leaking gas line. No injuries were reported and the cause of the leak is unknown at this time.
