

OverDrive or Libby: Which app should I use?

Libby

Libby is the newest way to access the Boca Raton Public Library's online collection. It's available as a website and as an app, so you can stream books or download them for offline use.

Use Libby if:

- Your smartphone or tablet is new or a couple of years old. You should be running iOS 9+ or Android 4.4+
- Your PC or other device is running Windows 10
- Your Kindle eReader (black and white display) is new or a couple of years old

OverDrive

OverDrive is the original way to access the Boca Raton Public Library online collection. It is available as a website and as an app, so you can stream books or download them for offline use.

Use OverDrive if:

- You have a Kindle Fire (color display)
- You have a Mac
- Your PC is running Windows 7 or 8
- Your mobile device is running an older operating system, pre iOS 9 and pre Android 4.4
- You want to download an audiobook to an MP3 player
