Friends,

Summer is a vibrant time in Boca Raton, especially in the Recreation Services Department. As a former camp counselor and attendee, I’m excited that dozens of fun camp experiences are available for our children. We offer everything from Camp Boca, our longstanding camp program that keeps children coming back year after year, to many specialty camps, with themes ranging from cultural arts to sea turtles and science to rock music. There’s something for everyone! With all these camps and programs, no child or tween in Boca will complain they are bored this summer.

Summer’s also the time when many of us swim at our two amazing pools and spend time on our miles of public beaches. Being an Ocean Rescue Lifeguard or a Pool Lifeguard is one of the most challenging positions we have in the city. These dedicated individuals keep a vigilant watch on our shorelines, pools, and beaches to ensure that everyone has a safe and enjoyable experience. They also teach many swimming and safety classes and assist with our Dog Beach, which operates at designated times on Fridays, Saturdays, and Sundays. I’d like to offer a heartfelt nod of appreciation to all my fellow team members who are dedicated to assisting you when you are visiting one of our aquatic or beach facilities.

Speaking of aquatic facilities, I encourage you to take a trip to the newly reconstructed Swim and Racquet Center, located at 21626 St. Andrews Blvd. Developed by the Greater Boca Raton Beach and Park District, this amenity offers a 25-yard-long swimming and lap lane pool, a brand-new children’s splash pad, and a beautiful indoor facility that will house new programs such as birthday parties and aquatic classes, locker rooms, and family changing rooms. This facility is primed to serve the community for decades to come, and I hope you’ll join me in thanking the Beach and Park District for their investment in developing wellness facilities.

Finally, I want to encourage you to take some time out of your hectic schedule to engage in recreation. You’ll thank yourself once you are done! I look forward to seeing you in a park, program, or facility soon!

Recreationally yours,
Michael J. Kalvort, CPRE

RHYTHMIC GYMNASTICS

This class is designed especially for females. Extremely popular in
Europe, and a fascinating combination of ballet, acrobatics, and theatrical
prop handling. It is oriented toward developing grace, smoothness, and
connection with musical accompaniment. Rhythmic Gymnastics involves
two kinds of techniques: body movement and apparatus handling. In this
class, children will learn the basic techniques with rope, hoop and ribbon,
and ball while improving their balance, flexibility, strength, agility, and
hand-eye coordination. This class is structured to enhance overall self-
confidence. Space is limited.

**Thor Guard Lightning Detection System**

Lightning is a severe hazard that must be viewed seriously. Everyone should immediately seek shelter any time they believe lightning threatens them, even if a signal has NOT been sounded. In many of our facilities, you will be warned by our Thor Guard Lightning Detection System, which sounds ONE 15-second blast of the horn signaling suspension of all activities (if equipped, a strobe light will begin flashing and remain flashing until safe conditions return). You should immediately seek an appropriate, safe shelter. You may resume activities only after THREE 5-second blasts of the horn are sounded and the strobe light, if equipped, stops flashing. If you remain outdoors after the warning is issued, you do so at your own risk. The City cannot guarantee the effectiveness of the warning system.

The following parks are equipped with this system: deHoernle, Hillsboro El Rio, Lake Wyman, Meadows, Memorial, Patch Reef, Sand pine, Sugar Sand, Swim & Racquet Center, University Woodland.

SEA BATHERS ERUPTION (SEA LICE)

WHAT IS IT?
Ocean bathers report red welts and blotches, which are concentrated under the swimsuit and other parts of the body after swimming in the ocean. Itching and redness usually occur several hours after ocean bathing. Some experience a slight "prickling" sensation while they are in the water. This occurs mostly from April to July

SYMPTOMS
Itching -- usually lasts 2-4 days, but it can last as long as 2 weeks. Some people have more severe reactions, including headache, fever, nausea and infected blisters. Children may develop high fever.

PREVENTION
Make sure you change out of your bathing suit before showering. This may reduce your risk for sea bather's eruption by half. Treatment: An oral antihistamine may help to relieve the itching. Also, an over-the-counter topical 1% cortisone cream or sting aid may be helpful. With severe reactions or complications, call your physician immediately. For more information, call (561) 514-5369, HRS-Palm Beach County Public Health Unit.

Those Were the Days My Friend: Boca Raton 1960s
Do you remember when… Join us for a look back at one of the most exciting and formative eras of our city and country’s past: the 1960s. The exhibition will explore the development of such major institutions as Florida Atlantic and Lynn Universities, the Boca Raton Community Hospital, and IBM Boca Raton. Find out when Boca Raton finally got its own high school, its first real “shopping center”, and when air conditioning became a common feature in South Florida homes. bocahistory.org July 2019

GENERAL AQUATICS INFORMATION FOR BOTH POOLS

The qualified Aquatics staff is certified through the American Red Cross in Lifeguarding/First Aid, CPR/AED for the Professional Rescuer, Water Safety Instruction, Special Needs Water Instruction, and Administering Emergency Oxygen.

Both Aquatics facilities feature 25-yard long pools that are heated during the winter months and cooled during the summer months to maintain a temperature between 80-83 degrees year-round. Chair lifts meeting ADA regulations are accessible to all patrons requiring assistance. Tables, chairs, umbrellas, and awnings are available. Only U.S. Coast Guard-approved flotation devices are allowed. Mermaid tails are not permitted.

Meadows Park Pool has eight lanes, two one-meter diving boards, charcoal grills, and coin-operated lockers at 50 cents per use.

The Swim Center has six lanes, a spa, a wading pool, a splash pad, and a playground.
**AQUATICS PROGRAMMING**

**H2O BOOTCAMP**
No pool at your school? Wish to add something new to your physical education class? H2O Bootcamp is a new student group program being offered at Meadows Park Pool for water confidence and endurance. The classes focus on improving swimming strokes and techniques with additional group activities and games. After the instructional period has ended, participants have thirty minutes of free time to enjoy the pool.
